Multidisciplinary designer-developer with hands-on training across graphic design, UI/UX, full-stack web development, and data science. Comfortable owning a product end-to-end — from Figma wireframes and prototypes through production-ready front-end and back-end implementation.

PROJECTS

Planly — Web & App Planner

- Designed and architected a comprehensive planner application for web and mobile, focused on user-centric scheduling and task management.
- Tech Stack:** Figma, UI/UX Design, Wireframing, Prototyping
- Prototypes:** [Figma — Planly](#) | [Figma — Planner](#)

Dusk / Dusk-vue — Banking Platform

- Built a secure, full-stack financial application on a decoupled architecture, translating UI/UX designs into responsive, user-centric interfaces with Vue 3 and Pinia.
- Engineered the Java Spring Boot backend, including JWT authentication, REST APIs, and Docker/Flyway for database versioning.
- Tech Stack:** HTML, CSS, JavaScript, Vue 3, Java Spring Boot, PostgreSQL, GraphQL, REST APIs, Docker, Flyway

Native iOS Application — Movie Tracking Platform

- Built a feature-rich native mobile app for discovering and managing movie collections, using Auto Layout and CGRect for complex, dynamic interfaces.
- Managed catalog data via custom UICollectionView and UITableView implementations, integrating WKWebView and MKMapView for enriched functionality.
- Tech Stack:** iOS Swift, UIKit, MapKit, WebKit, Auto Layout

EDUCATION & TRAINING

Cactus Education

Prishtinë, Kosovo

Web & App Development Program

2024 – 2026

- Relevant coursework: UI/UX Design and Usability, Interactive Web Programming, Advanced Web Development, Advanced App Development.

Tectigon Academy

Prishtinë, Kosovo

Python & Data Science Program

2025 – 2026

- Focus areas: Machine Learning, Data Analysis, Data Visualization, SQL.

Innovation Centre of Kosovo

Prishtinë, Kosovo

Graphic Design Course — Instructor: Erris Veliu

May – July 2024

SKILLS & LANGUAGES

- UI/UX & Product Design:** User-Centered Design, Wireframing, Prototyping, Visual Hierarchy, Usability Testing, Design Systems
- Design Tools:** Figma, Adobe Illustrator, Adobe Photoshop
- Front-End Development:** HTML, CSS, JavaScript, Vue.js
- Back-End & API Architecture:** Java Spring Boot, REST APIs, GraphQL, PostgreSQL
- Languages:** Albanian (Native); English (Native/Bilingual Proficiency, C1/C2 — Britannica ELT School)
